

Italian Wedding Buffet  
Angela + Chris - May 16th

A very popular style of wedding service is buffet service. Couples enjoy our custom buffets for the many choices and affordability the buffet style provides. Taste! to Go executes buffets beautifully with decor, risers and menus. Below you will see an example of a unique take on the Italian Wedding Buffet.

Angela and Chris had an amazing wedding at Sticks Design Studio in Des Moines. The ceremony was outdoors in the oak grove near the studio. Following the ceremony, guests were greeted with drinks and appetizers. For dinner service, a formal seating arrangement awaited guests in the beautifully decorated Sticks atrium.
